WINPAC, the Political Action Committee of the Wisconsin Nurses Association, proudly endorses candidates for state office who have shown a commitment to the health of Wisconsin's citizens and support for issues vital to the nursing profession.

The WINPAC Board of Trustees announces endorsement of following candidates:

Governor - Tom Barrett

Assembly District 22 - Sandy Pasch

Assembly District 47 - Trish O'Neil

Assembly District 90 - Lou Ann Weix

"It is encouraging to see Wisconsin's nurses continue to enter the political arena. Every day, every shift, nurses are advocating for their patients," says Rebecca Hoppe, RN, WINPAC President. "By taking that advocacy to the legislature, we can all feel assured that the problems that continue to plague our patient populations, the factors that raise the cost of health care to levels beyond the reach of too many, and the obstacles that nurses face in providing the best possible care will be considered."

Authorized and paid for by WINPAC, Kathy Poi, Treasurer. Not authorized by any candidate or candidate's agent or committee.
