Arrest Your Stress: Self-Care for Corrections Staff	Dr. Julia Persike, PsyD, CSAC – <i>Psychologist-Clinician, Department of Corrections</i>	Whether experienced by a social worker, therapist, nurse, officer, or supervisor, burnout is an unavoidable yet fully manageable condition experienced by professional helpers. Tasked with providing inmate care and supervision, correctional staff often unknowingly wear stress and burnout like a badge of honor. Left unmanaged, burnout leads to skewed professional judgment and personal indifference. This session will explore the historical roots of burnout, secondary trauma, and compassion fatigue. Participants will learn how burnout impacts individuals and entire departments. Participants will also examine practical, wellness-based prevention methods and coping strategies. Lastly, participants will walk away feeling refreshed, empowered, and ready to return to their vital role of professional helper.
